

# Claim for Refund Instructions Qualified Power Takeoff Vehicles

MFD

North Carolina Department of Revenue

Complete all information at top of Form Gas 1200C including legal name (first 30 characters), trade name, address, county, FEIN or SSN, contact person, telephone number, fax number, and business or activity for which refund is claimed. This return is due to be filed by April 15th of each year.

## General Information

This claim is to be used to obtain a refund of the road tax on tax-paid motor fuels used in qualified power takeoff vehicles. Qualified power takeoff vehicles are defined in G.S. 105-449.107(b). Qualified power takeoff vehicles are limited to concrete mixing vehicles, solid waste compacting vehicles, tank wagon motor fuel delivery vehicles, mulch-blowing vehicles, bulk feed vehicles, bulk fertilizer vehicles, and bulk lime vehicles.

**Tank wagon vehicle** is defined as "A truck that is not a transport truck and has multiple compartments designed or used to carry motor fuel". A transport truck is defined as "A semitrailer combination rig designed or used to transport loads of motor fuel over a highway". Propane tank wagon vehicles may be included for refund only if the vehicle has a fuel supply tank that is separate from the fuel cargo tank and tax is paid on the number of gallons delivered into the fuel supply tank. Propane tank wagon vehicles that have a fuel line delivering propane from the cargo tank to the engine are not eligible for this refund. Taxable gallons for these types of vehicles are computed based on the number of miles operated, not the number of gallons consumed by the vehicles.

**Mulch-blowing vehicle** is defined as "A commercial vehicle that delivers and spreads mulch, soils, composts, sand, sawdust, and similar materials and uses a power takeoff to unload, blow, and spread the materials".

All applicants for power takeoff refunds must complete Parts 1 and 2 of this form. Complete Parts 3 through 6 as it relates to your business. If the application is not complete it will be returned for correction.

Claims for refund are due to be filed by April 15th of each year. G.S. 105-449.108 disallows any claim for refund filed more than three years after the date the claim is due. The Post Office postmark is accepted as the date the application is filed.

The Department does not require fuel purchase Invoices to be submitted with the refund return but reserves the right to require invoices with refund returns in the future. Please retain the fuel purchase invoices with your records in the event you are audited.

If you show gallons of tax-paid motor fuel on hand on January 1, 2005 and did not file a refund claim for 2004, you must include purchase invoices to substantiate the amount of tax-paid fuel on hand. Each invoice must show the date of purchase, name and address of the seller, name and address of the purchaser, type of fuel, number of gallons purchased, price per gallon and total amount paid. Invoices that show alterations and erasures are not allowed.

If tax-paid motor fuel is used from the storage tanks listed in Part 6 then records of fuel withdrawn and purpose of use must be kept for a period of 3 years.

Failure to comply with the instructions or failure to complete the claim for refund may result in the disallowance of the refund, a delay in payment, or reduction in the refund requested. If an audit reveals that an overpayment has been made as the result of an incorrect claim the applicant will be required to repay the amount overpaid plus any accrued interest.

## Part 1 - Gallonage Accountability

### **Line 1 - Beginning inventory of N.C. tax-paid motor fuel on hand at the first of the year**

Enter the beginning inventory as of January 1, 2005. This figure includes gasoline, undyed diesel, undyed kerosene, and propane. Round all gallons to the nearest whole gallon.

### **Line 2 - Total Gallons of N.C. tax-paid motor fuel purchased during 2005**

Enter the total tax-paid motor fuel purchased during the year. This figure includes gasoline, undyed diesel, undyed kerosene, and propane. Round all gallons to the nearest whole gallon.

### **Line 3 - Total gallons of N.C. tax-paid motor fuel to be accounted for**

Add Lines 1 and 2. Line 3 must equal Line 8.

### **Line 4 - Total gallons of N.C. tax-paid motor fuel used in licensed vehicles for which no refund is requested**

Enter the total number of gallons of N.C. tax-paid motor fuel used in licensed vehicles. Round all gallons to the nearest whole gallon.

### **Line 5 - Total gallons of tax-paid motor fuel used in nonhighway equipment for which a refund is requested**

Enter the total number of gallons of N.C. tax-paid motor fuel used in nonhighway equipment listed in Part 4 of the report. Round all gallons to the nearest whole gallon. Enter amount here and on Part 3, Line 20.

### **Line 6 - Total gallons of N.C. tax-paid motor fuel used to operate qualified power takeoff vehicles**

Enter the number of qualified power takeoff vehicles on Line 6a. Enter the amount of gallons used in qualified power takeoff vehicles on Line 6b and on Part 3, Line 17.

### **Line 7 - Ending inventory of tax-paid motor fuel on hand at end of year**

Enter the ending inventory of tax-paid motor fuel as of December 31, 2005. This figure includes gasoline, undyed diesel, undyed kerosene, and propane. Round all gallons to the nearest whole gallon.

### **Line 8 - Total gallons of tax-paid motor fuel accounted for**

Add Lines 4, 5, 6b, and 7. Line 8 must equal Line 3.

## **Part 2 - Interstate Operations Computations**

**\*\*\*COMPLETE PART 2 ONLY IF YOU OPERATE QUALIFIED POWER TAKEOFF VEHICLES OUTSIDE OF NORTH CAROLINA\*\*\***

### **Line 9 - Total miles operated by qualified power takeoff vehicles during 2005**

Enter the total miles operated in and outside of North Carolina by qualified power takeoff vehicles.

### **Line 10 - Total miles operated outside of North Carolina by qualified power takeoff vehicles during 2005**

Enter the total miles operated outside of North Carolina by qualified power takeoff vehicles.

### **Line 11 - Percentage of qualified power takeoff vehicles operations outside of North Carolina during 2005**

Line 10 divided by Line 9. Round to the fourth decimal place.

### **Line 12 - Total gallons of motor fuel used in qualified power takeoff vehicles for all operations**

Enter the total fuel used in operations in and outside of North Carolina by qualified power takeoff vehicles. Enter amount here and on Line 14.

### **Line 13 - Total gallons of motor fuel used in qualified power takeoff vehicles for operations outside of North Carolina**

Multiply Line 11 by Line 12. Enter amount here and on Line 15.

## **Part 3 - Gallonage Accountability**

### **Line 14 - Total motor fuel used to operate qualified power takeoff vehicles**

Enter the total fuel used (in-state and out-of-state) in qualified power takeoff vehicles.
