**INSTRUCTIONS FOR REPORTING NET TAXABLE INCOME**

**When Copy of Federal Return is Attached**

A corporation may attach a copy of its Federal return and use Federal net income as a beginning point in Schedule G, Page 5 in computing its net taxable income for North Carolina tax purposes, in which case it need not complete Schedule F below. However, adjustments for additions to and deductions from Federal net income are required in Schedule G because of the differences in Federal and North Carolina laws concerning income and deductions.

**When Copy of Federal Return is Not Attached**

Instead of attaching a copy of the Federal return, a corporation may report its net income to this State by itemizing its income and deductions in Schedule F and completing all schedules on other pages of this return.

**Other Requirements and Instructions**

Regardless of which of the above procedures is followed, there must be included with the return the itemized income and deduction schedules called for in Schedule F.

A corporation having income from business activity which is taxable both within and without this State is required to allocate and apportion its net income or net loss as provided in G.S. 105-130.4.

For more information about typical income and deduction items which must be accounted for in Schedule G and for additional instructions for preparing and filing corporation income tax returns, refer to Instructions Form CD-415 and to Article 4 of the Revenue Laws of North Carolina.
