

Form E-500G Scrap Tire Disposal Tax Return **General Instructions**

Use Form E-500G to file and report your North Carolina scrap tire disposal taxes. The tax is collected on the retail sale of new tires. Purchases of new tires from outside North Carolina for storage, use or consumption in North Carolina or for placement in this State on vehicles offered for sale, lease or rental are subject to the scrap tire disposal tax in addition to the sales and use tax. The exemptions to the tax are set forth in G.S. 105-187.18. The scrap tire disposal tax rate is 2% on tires with a bead diameter of less than 20 inches and 1% on tires with a bead diameter of 20 inches or more. The bead diameter is the diameter of the hole in the center of the tire or the diameter of the rim.

Monthly returns and remittance of tax are due on or before the 20th day of each month for the preceding calendar month. Quarterly returns with remittance of tax are due on or before the last day of January, April, July, and October for the preceding three-month period. Use the filing frequency assigned by the Department. Forms filed late are subject to penalty and interest.

If you discontinue business operations or sell your business, please complete [Form NC-BN, Out-of-Business Notification](#), and mail it separately to the Department at the address shown on the form.

Complete the scrap tire disposal tax return in its entirety on your computer and print the return. Nontaxable sales and receipts should be identified on Lines 3 through 7. All retail sales of tires are subject to sales and use tax unless the sales are specifically exempt from tax by statute. For any conditions relating to the exemptions on Lines 3 through 7, you should refer to the applicable provision of the statute, which contains information regarding the exemptions.

Payment of tax must be made in U.S. dollars by check or money order drawn on a U.S. (domestic) bank payable to the North Carolina Department of Revenue. Do not mail cash, stamps, or post-dated checks with your return.
