General Information

- An exemption certificate number is required to be obtained by a commercial fisherman, commercial logger, and veterinarian who is not registered with the Department for sales and use tax purposes that wishes to purchase qualifying items exempt from sales and use tax. An exemption certificate number is required to be obtained by a person who is not registered for sales and use tax purposes that wishes to purchase products that are made of more than seventy-five (75%) by weight of recycled materials when the products are purchased for use in an accepted wastewater dispersal system as defined in N.C. Gen. Stat. § 130A-343. Use this application to apply for an exemption certificate number from the Department for use in purchasing qualifying items without payment of sales and use tax.
- Pursuant to N.C. Gen. Stat. § 105-164.28A, the Department may require a person who purchases an item that is exempt from sales and use tax, depending on the status of the purchaser or the intended use of the item, to obtain an exemption certificate number. A person who ceases to qualify for a use-based exemption certificate number must notify the Department within 30 days to cancel the exemption certificate number.
- A certificate of exemption bearing the exemption number issued by the purchaser authorizes a seller who sells an item to the holder of the exemption certificate to not collect tax on the sale.
- A person who purchases tangible personal property, digital property, and services under an exemption certificate is liable for any tax due and applicable penalties and interest if the Department determines that the person is not eligible for the exemption or the property was not used as intended by the purchaser. In addition, under the provisions of N.C. Gen. Stat. § 105-236(a)(7), any person who willfully attempts, or who aids or abets any person to attempt, in any manner to evade or defeat any tax imposed by law, or the payment of the tax, is guilty of a Class H felony. For misuse of an exemption certificate by a purchaser, the Department must assess against the purchaser a penalty of \$250.00 per N.C. Gen. Stat. § 105-236(a)(5a).
