North Carolina Department of Revenue

MFD

General Instructions

Fuel alcohol and biodiesel providers are those fuel tax licensees who produce alcohol, ethanol, methanol, or biodiesel; or import alcohol, ethanol, methanol, or biodiesel outside the terminal transfer system into North Carolina by rail, marine vessel or transport truck.

Fuel Alcohol and Biodiesel Providers may:

1. Acquire fuel from, or exchange with, other suppliers and fuel alcohol or biodiesel providers above the rack;
2. Sell fuel to distributors and licensed distributors who import or resale to customers in this state;
3. Sell fuel to licensed distributors and licensed exporters where such fuel is destined to be exported;
4. Sell fuel to retail dealers or end-users;
5. Sell fuel to the United States Government;
6. Sell fuel to the State of North Carolina or its agencies;
7. Sell fuel to the North Carolina local boards of education;
8. Sell fuel to a county or municipal corporation;
9. Sell fuel to a North Carolina charter school;
10. Sell fuel to North Carolina community college; and
11. Blend products at the loading rack where the end product may be used to propel a vehicle, vessel, or aircraft.

Fuel alcohol and biodiesel providers are authorized to import tax-free alcohol, ethanol, methanol, or biodiesel by rail, marine vessel or transport truck, place the tax-free fuel in storage at a terminal or bulk tank, and collect state taxes as the fuel is removed through the loading rack or upon importation into the state.

The fuel alcohol and biodiesel provider return is required to be filed by fuel alcohol and biodiesel providers who transfer, exchange, loan, sell, or blend alcohol, ethanol, methanol, or biodiesel from a terminal facility located within North Carolina. This return is also required to be filed by persons selling fuel alcohol and biodiesel from bulk locations located within or outside this state, when such fuel is destined for sale or use in North Carolina.

If the return and payment are not submitted timely, the administrative discount deduction will be disallowed and a delinquent penalty of five percent (5%) per month, maximum twenty-five percent (25%), of any tax due will be added for each month, or fraction thereof, the return is late. A penalty of ten percent (10%) of any tax due will be added for failure to pay the tax when due. In addition, interest will be charged at a daily rate from the date the tax is due until the date the tax is paid. The interest rate is subject to change every six months; therefore, you should verify the rate on the Department's website at www.dornc.com.

The return, supporting schedules, and payment (if applicable) must be received by the Department or postmarked on or before the 22nd day of the month following the month in which transfer, exchange, loan, sale, use, or blending transactions occur. If the 22nd falls on a Saturday, Sunday, or state holiday, the return and payment **MUST BE RECEIVED** by the Department or **MUST BE POSTMARKED** on the next business day. This also applies to returns when no tax is due.

Amended Returns: Prior period adjustments are not allowed on current returns. If you must amend a previously filed fuel alcohol and biodiesel provider return, you must complete Gas-1264 Fuel Alcohol and Biodiesel Provider Return, front and back. Attach only the schedules with the required adjustments.
