Note: Beginning January 1, 1974, all fractional assessment ratios were eliminated by law. All property subject to taxation must now be assessed at 100% of appraised value.

Revaluation effective January 1 of given year.

*All counties must revalue real property at least every 8 years, but may elect to revalue more frequently. These counties have adopted a more frequent revaluation schedule.

**These cities levy and/or collect their own school administrative unit taxes. Other school district levies are administered by the counties.

***Tax rates for municipal service districts apply only to certain areas within the municipalities and not to all municipal property. Rates are shown in the NOTES column.
